ORDER:

In the letters read above, the Chief Engineer(R&B) CRN & MD, APRDC, AP, has stated that the road from Rajahmundry to Bhadrachalam via Maredumilli is an important State Highway connecting four States. Consequent to bifurcation of the State, four Mandals of Telangana State in the submergence area have been transferred to Andhra Pradesh. Apart from regular and heavy vehicular traffic, traffic of four Mandals also use this road to reach the District Headquarters, Kakinada for business and also for medical emergencies. The said road from Km 78/0 to 106/0 is located in very thick forest and the road was formed along the contour with a very steep valley on one side and a very steep mountains on the other side. The road has many sharp curves, which are very dangerous for free movement of vehicles. During the recent incessant rains, the weak slopes of the mountain slid, and huge quantities of mud from the slopes slipped over the road and fallen into the valley, causing severe damage to the steep slopes on the valley side. Due to gush of rain water, gullies are formed and the slopes are undermined resulting in damage to the carriageway of the road. Temporary measures were taken to restore the traffic, but there is necessity to improve this portion of the road on permanent basis.

The Chief Engineer (R&B) CRN & MD, APRDC, AP, has requested to accord administrative sanction for an amount of Rs.38.85 Crores; for the work of 'Improvements to Rajahmundry-Maredumilli-Bhadrachalam Road from Km 78/00 to 130/00 (Maredumilli-Chinturu ghat road) in East Godavari District' under Coronet Plan.
